

About this Institute

West Bengal is on the threshold of entering an era of industrial rejuvenation thanks to the new industrial policy of the Govt. of West Bengal. At this juncture there will be an increasing demand of trained technical persons capable of driving our state to the 21st Century. Day by day the industries are orienting themselves towards automation & Computerisation resulting in a huge demand of qualified Computer Professionals. Private computer training institutes are offering various courses to take advantage of this situation where Govt. institutes are not enough in number to cater to this demand of Computer Training. The Sports & Youth Services Department (Youth Services Branch) OF Govt. of West Bengal has come forward in this connection to help set up Computer Training Institute to cater to the increasing needs of the Youth of WEST Bengal. Being encouraged by the success achieved by the District Youth Computer Training Centres the facilities of Computer Training are gradually being expanded to include the Sub-divisional headquarters of West Bengal & also the rural areas.

Facilities available at the **Youth Computer Training Centres**.

LAB Facilities :

The labs are well designed to provide a congenial environment for learning. The labs are equipped with a range of State-of-the-art Computers. The computers are interconnected through **Local Area Network (LAN)**.

FACULTY :

Our expert & experienced faculties are drawn from the industry. They are young & friendly and the students can expect to benefit from their focus on relating theoretical issues to their business applications.

STUDY MATERIALS :

The students are given exhaustive study materials which are designed to benefit the students not only during the course but also as a reference tool in their future career.

STUDENTS FEED BACK :

Feedback sheets are circulated to the participating students after the end of each topic, providing an opportunity for the students to comment on the teaching or the contents of that topic.

EXAMINATION / EVALUATION PROCESS :

After the end of each topic a theoretical & a practical exam is held on each subject. Judging by the performances of these examinations the final grades are awarded at the end of the course.

FINAL CITATION / CERTIFICATE :

A certificate will be issued on successful completion of training.
